**About Imprints Cares**

Imprints Cares is an early education nonprofit helping to break the cycle of poverty, giving children the early start they need. We have a vision to unlock the full potential of children and their families for success in school and in life. Through its mission to enrich children’s development while supporting their families on the journey of parenthood, Imprints Cares partners with families to provide the tools they need to raise their children to be safe, healthy and ready to learn. Imprints Cares’ philosophy is to nurture children and support parents so they have the ability to change our community for the better. In doing so, these families build thriving generations who are doing their best. **Together, we can close the Gap before it begins...**
