Total 4-year commitment Est. \$250K+**

Imprints Cares, Ready for School, The Pediatric Holistic Health Initiative (@ Wake Forest Baptist Health pediatric sites) provides access to support our Teen & Young Moms Outreach for education and health as well as pregnancy and prevention services. This is not to treat symptoms, but to empower teen girls and young moms to change the way they think and act and structure their community network in such a way that they are able to make healthy choices. Through one-on-one consultations, child assessments, home visits, literacy and enrichment projects we spark their interest to succeed in school and in life. Wake Forest Baptist health residents and pediatricians also lead workshops as well.
