We Love Imprints Cares

By Robin & Dan, parents of 2 children

It occurs to me daily how lucky we are to have **Imprints Cares** summer camp and after school programming since we both work. When I pick up our children, I always look forward to hearing about what they have learned. It might be a new song, dance, or art science project. Our children have lots of gentle support doing homework, creative play, learning about math or technology, amazing field trips, and wonderful healthy snacks too. Imprints Cares is also known for their kindness and service in the community. We love being part of their family.
