Greensboro Montessori School: Education for a New World

[GMS](#) has been personalizing learning for children 18 months through eighth grade through guided, hands on discovery for over 40 years. In this new age of the internet, content-based conventional learning must be replaced by schools which focus on individuals - allowing the child choices, empowering independent progress, and personalizing each student's learning style. The Montessori Way includes cross-age, cross-activity groupings that promoting collaboration and cooperation. Greensboro Montessori School is a proven leader in 21st century learning.

GMS is an authentic, accredited Montessori school for children aged 18 months through the 8th grade.

Imprints School Readiness & Healthy Development

By Marcela Heinrich, M.D.

Our team at WFBH Westgate Pediatrics is fortunate to collaborate with [Imprints](#), a nonprofit that promotes education and healthy development to families so that children achieve success in school and in life. Imprints Family Educator, Mrs. Mita Lambe, supports school readiness and healthy development for Westgate's at-risk family patients with children birth to 5 years old. She helps guide and educate parents providing a nurturing environment that prepares their children for Kindergarten. Imprints is a valuable asset to our Westgate practice that enhances the lives of our patients. If you are able, please [donate today](#) so together, we can close the gap before it begins!

This newsletter is sponsored by Greensboro Montessori School and Imprints.
